

cosmopolitan:

applications:-

Perfectly suited for clients who require design flexibility, aesthetics and functionality. Ideal for high traffic, dry areas that require superior colour-ways and design features, the cosmopolitan is perfectly at home in prestigious new or existing developments such as hotels, offices and leisure facilities.

manufacture:-

The partitions and doors are manufactured from 18mm moisture resistant core material faced both sides with high-pressure laminates. The pilasters are manufactured from 36mm moisture resistant core and are post-formed to the front vertical edges avoiding the sharp edges of other designs, leaving a more pleasing and gentle look to the system. Post-formed headrail inserts (provided as standard with the cosmopolitan), complete the quality look and feel of this product.

dimensions:-

These dimensions are typical and for guidance only as our cubicle systems are designed to suit the clients specific requirements.

Typical cubicle height is 1950mm including the adjustable leg.
Typical ground clearance is 150mm (adjustable from 125-175mm)

	Thickness	Height	Width
Partitions	20mm	1800mm	1500mm
Doors	20mm	1800mm	600-900mm
Pilasters	38mm	1800mm	80mm (min.)
Headrail inserts	20mm	35mm	to suit door gap

ironmongery:-

Style and efficiency combined with the strength of aluminium construction provides the specifier with a range of fittings that complement the cubicle range. A range of security fixings can also be supplied as optional extras should the environment demand it. Supplied as standard in Satin Anodised finish, optionally fittings can also be provided in polished aluminium or powder colour coated if required.
