inscape: CUBICLES & WASHROOMS
“Building Confidence”

applications:

Working closely with the designer, the EduCare cubicle system provides for a range of materials and formats to ensure that the needs of all ages and environments are catered for. Sweeping low height divisions and doors are a feature of the infants and junior ranges whilst full height options provide the privacy required for senior school applications. Optionally, the doors can be shaped to one of four available profiles to add further customisation to the design.

manufacture:

The EduCare XL option is manufactured from 12mm Solid Grade Laminate for the ultimate in performance and durability and is suitable for both wet or dry applications. EducCare Plus is manufactured from High-Pressure Laminate on a moisture resistant core to provide a hard-wearing solution for dry environments. Both options can have divisions that are either full height or that sweep downwards towards the back of the system in a gentle curve to aid supervision.

In order to comply with Building Regulations this system is accessible externally in the event of an emergency.

dimensions:

These dimensions are typical and for guidance only as our cubicle systems are designed to suit the clients specific requirements. Typical cubicle pilaster height is 1950mm including the adjustable leg. Typical ground clearance is 150mm (adjustable from 125-175mm).

	Thickness	Height	Width
Partitions	12 & 20mm	800 - 1800mm	1500mm
Doors - Infants	12 & 20mm	1050 / 1200mm	600 - 900mm
- Junior	12 & 20mm	1200 / 1800mm	600- 900mm
- Senior	12 & 20mm	1800mm	600- 900mm
Pilasters	12 & 20mm	1800mm	80mm (min)

ironmongery:

Style and efficiency combined with the strength of aluminium construction provides the specifier with a range of fittings that complement the cubicle range. A range of security fixings can also be supplied as optional extras should the environment demand it. Supplied as standard in Satin Anodised finish, optionally fittings can also be provided in a Polyester Powder Coated finish if required.
